

# Frida Nicander

Fullstack developer

## Profile

I'm a Fullstack Developer who thrives in fast-paced startup environments, where I enjoy creating efficient and scalable solutions. I have a knack for both front-end and back-end development, always paying close attention to detail. I'm passionate about learning new things and love working with cross-functional teams to deliver successful projects and improve user experiences.

## Work Experience

Nov 2023 - Present

Clira

### Fullstack Developer

- Developed and maintained a procurement system using Laravel and Next.js.
- Implemented RESTful APIs for seamless integration.
- Optimized backend processes for enhanced performance.
- Participated in code reviews and troubleshooting to ensure system reliability

Oct 2022 - Jun 2023

Djurens Rätt

### Web Developer Intern

- Developed web applications using Nuxt.js for a nonprofit organization.
- Implemented authentication using Auth0 and integrated third-party APIs.
- Collaborated with the design team to ensure a cohesive user experience.
- Deployed code and maintained applications.

Apr 2019 - Jun 2023

Klarna

### Business Operations Associate

- Acted as an underwriter for new merchants and upsell processes, collaborating closely with the Illegal Activities, Credit Risk, and Sales teams.
- Assessed and mitigated risks to ensure compliance and financial stability.
- Served as a Credit Disputes and Collections Representative with QA responsibility for the team.
